

**Growing our family  
spiritually by actively  
building relationships  
through service to our  
community, our  
country and our world**

## **Mozambique Mission 2018**

### **Report back – God is Good!**

Our team of 14 left on the 23<sup>rd</sup> June 2018 to share their heads, hearts and hands with the people of Chidenguele, Mozambique, and safely returned on the 1<sup>st</sup> July 2018. This mission trip was filled with God's glorification through evangelism, community development at Nhandimo Primary School and surrounds and of course through personal relationships.

We started our mission by visiting the local church service which only started last year. To our surprise the church location was no longer a few benches under a tree but had a wall around it and was filled with people. Without a minister present the congregation continued to meet together, worship God and share in scripture. We have heard and understood from the local Methodist Minister that the church building will start in July and so we look forward to seeing the growth by the next year.

The week that came ahead was one that kept our team very busy. We managed to do almost everything we set out to do including painting the teacher's house, installing the bathrooms, building a shaded house in the vegetable garden and helped them with the maintenance of the previous water project.

On top of this heavy labour we were able to assist the school by painting a mural teaching some basic hygiene as well as the children learning about God's love. They are now singing 'Jesus loves me' in both English and Portuguese.

The team would love to share more with you if you are interested as this trip did not just change Nhandimo's community but also the team members who had the opportunity to serve.

Thank you to everyone who supported this Mission whether it was through prayers or donations, we can call you a member of this year's Mozambique Mission team too!
